

FUSION

FUSION ELECTRIC

MOVE WITH EASE

Fusion Electric allows you to have your desk the height you want, at the push of a button.

European design and quality components are additional benefits in this all-new height adjustable desk system. Having the flexibility of sitting or standing whilst working has proven health and productivity benefits and Fusion Electric allows all of the above with its quiet but powerful motor.

Fusion comes with a 2 year manufacturer's warranty and can be made to suit your size requirements.
